Reviews

This publication is very gripping and intriguing. It is among the most awesome book we have go through. You can expect to like how the author compose this book.
(Dr. Malika Bechtelar II)

GENESIS OF ETHICS

Random House USA Inc, United States, 2000. Paperback. Book Condition: New. New edition. 220 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.Burton L. Visotzky, one of America s most respected scholars of religion, guides readers through a close reading of the narratives of the Book of Genesis, exposing their brutal power and revealing how their moral dilemmas apply to ethical issues we face in our lives today. Rabbi Visotzky has led highly regarded seminars, attended by novelists, poets, editors, filmmakers and critics, Fortune 500 CEOs, bankers, and attorneys. He also was a major participant in Bill Moyers s PBS Genesis series. His reading of Genesis opens the door to moral development for all readers--Christians, Jews, Muslims, and secularists. As Burton Visotzky says, the Book of Genesis seems to be, at least on first reading, an ugly little soap opera about a dysfunctional family . . . a story about rape, incest, murder, deception, brute force, sex, and blood lust. But these stories reveal much about human dilemmas and ethical problems that mirror our own lives. By delving into the lives of Abraham, Sarah, Isaac, and Esau and holding up these characters of Scripture to the light of critical inquiry, Burton Visotzky reveals much that is fresh and useful about ethics and morality. He is a rabbi who is earthy, playful, and full of insight, who refuses to draw a veil over the dark side of the Bible or of our own contemporary experience. --Thomas Cahill, author of How the Irish Saved Civilization [Visotzky] has a wonderfully earthy, human touch to his commentary, a perspective that can be especially refreshing for Christians who have seen the Old Testament sanitized or ignored by their own tradition. --San Francisco Chronicle Thrilling original insights . . . a...
