Brand New Book ***** Print on Demand *****.Prior to the atrocities of September 11, 2001, the inhumane treatment of women by the Taliban received sporadic media and academic coverage. After the disintegration of the Taliban and al-Qaeda alliance, Afghanistan has been on the forefront of international headlines. The Taliban removal has also opened the venue for academic studies in Afghanistan. However, Afghanistan's urban and rural social structures and in particular the role of women remains an understudied topic. In *Women from Afghanistan in Diaspora*, Langary embarks on the task of describing the social structures of Afghanistan, precisely, the role of women within the Afghan social fabric. This study covers the various policies aimed at women, marriage, and emancipation from the ascendancy of Amir Aman Allah Khan to the Kabul throne in 1919 until the establishment of President Hamid Karzai's representative government. This study sheds light on the lives of the Afghan women who have migrated to the United States through means of marriage. The fieldwork was conducted in various cities across California. These women share their marriage experiences, life in the United States, and resiliency of overcoming challenges. This qualitative research is now integrated with the broader phenomena of arranged marriages, consanguineous marriages, mail-order bride, and patriarchal family structures.
